National Mosques Project

Building of mosques has been a key priority from the very beginning of Islam.

Three fundamental reasons:

- A mosque facilitates and promotes worship of Allah and therefore fosters a personal bond of love and devotion between man and God Almighty.
- A mosque is the first step towards fostering unity and harmony amongst people and consequently, a powerful force in our efforts to unite mankind.
- A mosque provides an effective tool for inviting people to Allah and greatly helps in propagation and progress of Islam.

The Importance of Mosques

From the (1) Holy Qur'an (2) The Ahadith (3) Promised Messiah's writings and (4) the instructions of the Khulafa.

Holy Qur'an

Allah says in the Holy Qur'an:

"Surely, the first house founded for mankind is that at Becca (Mecca), abounding in blessings and guidance for peoples". (3:97)

Mosques are the retainers and containers of divine grace and blessings.

As the true followers of the Grand Prophet Muhammad and his Messiah, the building and maintenance of mosques is our prime responsibility as Allah says in the Holy Qur'an.

"He alone can maintain the Mosques of Allah who believes in Allah, and the last day, and observes prayer and pays the Zakat and fears none but Allah; so these it is who may be rightly guided." (9:18)

These are people who may reach the goal.

People of Mecca did not permit the Holy Prophet to build a mosque. As the Holy Prophet migrated to Medina, he stayed for a short time in Quba, (three miles north of the city). Holy Prophet and his companions built the first mosque in Islam in Quba. It is called Masjid-E-Quba or Masjid-E-Taqwa (Mosque of Piety).

The Holy Prophet ﷺ on the importance of mosques:

To Allah, the most adored places are the mosques and the most undesirable places are market places.

O ye people, praise Allah. Whoever builds a mosque for Allah, Allah, The Exalted, shall build a house for such a one in paradise. Mosques are the houses of Allah and those believers who enter therein are the guests of Allah.

Those who visit the mosques in darkness convey to them the good news that Allah shall bestow upon them from Himself perfect light on the day of judgment.

All these Ahadith amplify the importance of mosques in our lives. To be recipients of the blessings as noted in these Ahadith, it is incumbent that we give top priority to the building and maintenance of mosques.

The **Promised Messiah** عليه السلام on the importance of Mosques

The Promised Messiah عليه السلام said:

If you want Islam to progress build a mosque. Wherever our Jama'at is established, a mosque should be built. (Malfoozat Vol 2, p. 42)

Our Jama'ats progress is founded on the construction of mosques.
(*Malfoozat* Vol 2, p. 42)

Hazrat Khalifatul-Masih (May Allah be his Helper !)

Ahmadiyya Muslim Jama'at has continued the building of mosques under the guidance of the Khulafa.

A Mosque has a special effect both on Muslims and non-Muslims alike.
(Press release Opening of Vancouver Mosque 18th May 2013)

When a Mosque is built, new avenues of spreading the message of Islam are created
(Press release Opening of Vancouver Mosque 18th May 2013)

This is why the Founder of the Ahmadiyya Muslim Jama'at continually reminded his followers about the importance of constructing Mosques.

Facts and Figures

Jama'at has over 15 thousand mosques all over the world;

Future Plans

The pace of building mosques increased starting 1984.

In his Friday Sermon of May 14, 1989, Huzoor(rh) said:

"I wish Germany would be the first European country in Jama'at Ahmadiyya to be bestowed with the ability to build 100 mosques."

Renovation of existing mosques has also begun.

Today our pace in building mosques in Canada has increased greatly and almost every Jama'at in Canada is working towards building a Mosque.

1. Building mosques is our priority according to the Holy Qur'an.

"You are the best people raised for the good of mankind". (3:111)

There is nothing better than inviting people to Allah and establishing His Worship

2. Building mosques is our priority as the Holy Prophet ﷺ declared.

"To Allah the most adored places are the mosques....".

3. Building mosques is our priority because the Promised Messiah عليه السلام said so.

"Our Jama'at's progress is dependent on the building of mosques."

Notes

4. Building mosques is our priority because the Khulafa said so.

"Start building mosques and build them in great numbers since it is God's work to fill these mosques, He will bring people to these mosques." (Khalifatul-Massih IV)

We will continue to build mosques to see the victory of Islam and the unity of mankind.

"That He may cause it to prevail over all other religions" ([48.29](#))
